- Ensure completed production orders are kept in an organized manner
- Operate additional machinery throughout the shop
- Ensure all dimensions and quality is met throughout processes
- Stacking completed parts properly
- Perform machine maintenance/ cleanliness
- Must be able to work from drawings and sketches, read and understand manuals/ specifications or sample parts to determine dimensions and tolerances of finished products, sequence of operations and set up requirements
- May perform other duties as assigned

Requirements:

- Understanding of Windows operating systems, additional computer hardware and software skills
- Grade 12 Diploma and/ or 2+ years of Fabrication or technical experience
- Previous experience working with Overhead Cranes, Forklifts, Shears, Brake Press
- Able to communicate clearly both verbally and written
- Strong mathematical abilities
- Exceptional attention to detail
- Able to work efficiently as part of a team, as well as independently

Working Conditions:

- Ability to lift and carry objects up to 50lbs, occasionally
- Must follow all OHSA and company health and safety policies
- Manual dexterity required
- Frequently noisy working environment
- Overtime as required
- Able to remain standing for long periods of time

Competitive wages, Company Benefit and Group RRSP package offered.

Please forward resumes to recruitment@dynamicmillwrights.com. *We thank all applicants for their interest; however, only those selected for an interview will be contacted.*
